## **SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS**

This prospectus, any accompanying prospectus supplement and the information incorporated herein and therein by reference may contain “forward-looking” statements intended to qualify for the safe harbor from liability established by the Private Securities Litigation Reform Act of 1995. These statements, which are not statements of historical fact, may contain estimates, assumptions, projections and/or expectations regarding future events, which may or may not occur. Words such as “anticipate,” “believe,” “could,” “estimate,” “expect,” “intend,” “may,” “plan,” “potential,” “should,” “will,” “would,” or similar expressions, which refer to future events and trends, identify forward-looking statements. For instance, we make forward-looking statements such as our expected manufacturing capacity, our estimated silicon raw material requirements and our estimated silicon consumption rate. We do not guarantee that the transactions and events described in this prospectus or in any prospectus supplement will happen as described or that they will happen at all. You should read this prospectus and any accompanying prospectus supplement completely and with the understanding that actual future results may be materially different from what we expect. The forward-looking statements made in this prospectus and any accompanying prospectus supplement relate only to events as of the date on which the statements are made. We undertake no obligation, beyond that required by law, to update any forward-looking statement to reflect events or circumstances after the date on which the statement is made, even though our situation may change in the future.

Whether actual results will conform with our expectations and predictions is subject to a number of risks and uncertainties, many of which are beyond our control, and reflect future business decisions that are subject to change. Some of the assumptions, future results and levels of performance expressed or implied in the forward-looking statements we make inevitably will not materialize, and unanticipated events may occur which will affect our results. The “Risk Factors” section of this prospectus directs you to a description of the principal contingencies and uncertainties to which we believe we are subject.

This prospectus also contains or incorporates by reference data related to the solar power market in several countries, including China. These market data, including industry demand and product pricing, include projections that are based on a number of assumptions. Demand for solar generated electricity may not ultimately increase at the rates expected, or at all. The failure of the market to grow at the projected rates may materially and adversely affect our business and the market price of our securities. In addition, the rapidly changing nature of the solar power market and related regulatory regimes subjects any projections or estimates relating to the growth prospects or future condition of our market to significant uncertainties. If any one or more of the assumptions underlying the market data proves to be incorrect, actual results may differ from the projections based on these assumptions. You should not place undue reliance on these forward-looking statements.

## OUR COMPANY

### Overview

We are a leading global brand and technology provider as well as manufacturer of solar power products based in China. Capitalizing on proprietary technologies, economies of scale, low cost production capabilities, technical innovations and know-how and leveraging our in-house polysilicon, wafer and module manufacturing capabilities, we provide our customers with high quality, cost competitive solar power products and processing services. We provide high quality solar power products to a global network of suppliers and customers, which includes leading global manufacturers of solar cells and modules and distributors, installers and end users of solar modules.

We have significantly expanded our business scope from primarily solar wafer manufacturing to manufacturing of polysilicon and solar modules, as well as ventured into the solar power plant business. We believe our vertically integrated model and integrated manufacturing capabilities allow us to ensure the quality of our solar power products and reduce our reliance on the quality assurances of third-party suppliers. Moreover, the vertical integration allows us to gain an early understanding of trends in PV products pricing, better anticipate market conditions, as well as take advantage of market opportunities more quickly and efficiently.

We have greatly expanded our manufacturing capacity since we began the production of solar wafers.

As of December 31, 2013, we had an annual wafer manufacturing capacity of approximately 2,000 megawatts, or MW, consisting of monocrystalline wafer manufacturing capacity of approximately 200 MW and multicrystalline wafer manufacturing capacity of approximately 1,800 MW. As of December 31, 2013, our cell and module manufacturing capacities were 240 MW and 1,200 MW, respectively. We believe we possess one of the largest solar wafer manufacturing facilities in China based on production capacity as of December 31, 2013.

We sell solar wafers primarily to solar cell and module manufacturers globally. In 2013, a significant portion of our wafer sales were made to companies based in Asia, primarily to leading solar cell and module companies in China, South Korea and Taiwan. The majority of our module sales in 2013 were made to distributors across the globe including regions like Europe, USA and Asia-Pacific. We have begun to refine our module sales strategy to sell directly to end user customers in order to enhance our pricing power and promote our profit margin. We believe that one of the most cost-effective and innovative ways to improve module efficiencies is through enhanced wafer technologies, an area where we have historical expertise. In addition, we have continued to focus on implementing various cost reduction programs and reduced our silicon consumption rate and non-silicon wafer processing cost.

In 2011, 2012 and 2013, we shipped 1,294.8 MW, 2,219.3 MW and 3,218.0 MW, respectively, of solar power products.

Our net revenues decreased from \$985.3 million in 2011 to \$969.1 million in 2012 and increased to \$1,519.6 million in 2013. We suffered an operating loss of \$221.4 million and a net loss of \$258.9 million in 2013, compared to an operating loss of \$179.0 million and a net loss of \$242.5 million in 2012, and an operating income of \$11.5 million and a net income of \$0.3 million in 2011.

As we continue to expand our sales internationally, we are increasingly exposed to factors affecting sales of solar power products in international markets, including, among other things, any trade actions initiated by the Chinese or foreign governments and any resulting anti-dumping and countervailing duties or trade tariffs imposed on imports or exports of solar power products or materials. Specifically,

- In 2011, trade actions were initiated by solar companies in the United States against imports of Chinese solar panels. In November 2012, the U.S. International Trade Commission, or the USITC, upheld higher tariffs that had been imposed in October 2012 by the U.S. Department of Commerce, or the USDOC. Recently, the USDOC has, in an effort to monitor the compliance with the antidumping and countervailing orders, requested certain major Chinese solar panel manufacturers selling to the United States to submit information to substantiate their claim that panels imported by such manufacturers into the United States do not contain solar cells produced in the PRC. The rates

## TABLE OF CONTENTS

at which duties will be assessed and payable is subject to administrative reviews in 2014 pursuant to a request by SolarWorld AG and may differ from the announced deposit rates. A number of parties have challenged rulings of the USDOC and the USITC in appeals in the U.S. Court of International Trade. Decisions on those appeals are not expected until late 2014.

On December 31, 2013, the U.S. unit of SolarWorld AG filed a new trade action at the USDOC and the USITC accusing Chinese producers of certain crystalline silicon photovoltaic, or CSPV, cells and modules of dumping their products into the United States and of receiving countervailable subsidies from the Chinese authorities. This trade action also accuses Taiwanese producers of certain CSPV cells and modules of dumping their products into the United States. Excluded from these new actions are those Chinese-origin solar products covered by the 2012 rulings detailed above. The USDOC and the USITC are investigating the validity of these claims. We were identified as one of a number of Chinese exporting producers of subject goods to the U.S. market. We also have affiliated U.S. operations that import goods subject to these new investigations.

The USITC issued preliminary affirmative injury determinations on February 14, 2014. On June 3, 2014, USDOC released its preliminary determination that the product under considerations originating from China has benefited from the government subsidies and therefore are subject to the provisional countervailing duties. USDOC has calculated preliminary countervailing duty margins of 18.56% for one PRC respondent, 35.21% for the other PRC respondent, and 26.89% as the "all others" rate which also applies to ReneSola. USDOC's preliminary determination on the antidumping duty investigation, for which ReneSola was selected as one of the mandatory respondents, is expected to be issued on July 24, 2014. Preliminary margins are subject to change pending USDOC's final determination, and the duties will be imposed only if the USITC makes final affirmative injury determinations. Final determinations on the antidumping and countervailing investigations are expected to be issued by the USITC and USDOC later this year or early next year.

We cannot predict the outcome of these proceedings at this time but if we fail to effectively manage our sales and supply chain to ensure our compliance with the U.S. antidumping and countervailing orders or demonstrate to the satisfaction of the USDOC upon request of our compliance with the orders, we may be subject to retrospective actions by the USDOC resulting in penalties such as suspension of unliquidated entries into the United States and/or posting of antidumping duty cash deposits or bonds.

- On June 4, 2013, the European Union imposed provisional anti-dumping duties on Chinese solar panels at the starting rate of 11.8% until August 6, 2013, and then from that date, an increased rate of an average of 47.6%. However, on July 27, 2013, the European Union trade commissioner announced his satisfaction with an offer of a price undertaking submitted by Chinese solar panel exporters, including us, under which, according to reports, Chinese solar panel exporters agreed to limit their exports of solar panels to the European Union and for no less than a minimum price per watt, in exchange for the European Union's agreement to forgo the imposition of anti-dumping duties on these imports of solar panels from China. The accord was approved by the full European Commission on August 2, 2013. According to the accord, solar panels imported into the European Union from China after the annual quota is reached would be subject to anti-dumping duties. According to the reported official statements by the European Union trade commissioner, this accord also could be used to resolve the parallel anti-subsidy investigation, commenced by the European Union on November 8, 2012, prior to the imposition of provisional anti-subsidy measures. On August, 7, 2013, the European Commission announced that it would not impose any provisional measures in its anti-subsidy investigation. On December 5, 2013, the European Council announced its final decision imposing definitive antidumping and anti-subsidy duties on imports of crystalline silicon PV cells and modules originating from or consigned from China. An average duty of 47.7%, consisting of the anti-dumping and anti-subsidy duties, will be applied for a period of two years beginning on December 6, 2013 to Chinese solar panel exporters who cooperated with the European Commission's investigations. On the same day, the European Commission announced its decision to confirm the acceptance of the price undertaking offered by Chinese export producers with the

## TABLE OF CONTENTS

China Chamber of Commerce for Import and Export of Machinery and Electronic Product in connection with the anti-dumping proceeding and to extend the price undertaking to the anti-subsidy proceeding, which will exempt them from both anti-dumping and anti-subsidy duties.

For the portion of our PV modules produced in China that will be sold into the European Union, we intend to comply with the minimum price set in the accord to avoid any anti-dumping duties. As the European Union is the largest market for solar power products, and China is the largest producer of solar panels, anti-dumping and/or countervailing duties imposed on imports of solar power products into the European Union from China will continue to affect the stability of the solar markets;

- In November 2012, India initiated an anti-dumping investigation on imported solar products from China, Taiwan, the United States, and Malaysia. The scope of the Indian complaint includes thin-film and CSPV cells and modules, as well as “glass and other suitable substrates.” On May 22, 2014, India’s Ministry of Commerce and Industry, Department of Commerce released its Final Findings that certain exports from the United States, China, Taiwan and Malaysia have been dumped in the Indian market and recommended imposing additional duties ranging from \$0.11 to \$0.81 per watt of electricity produced on “solar cell” imports from these countries. India’s Ministry of Finance has three months to review the findings and make a final decision on imposition of additional duties; and
- Import restrictive proceedings initiated in China and any anti-dumping or countervailing duties imposed by Chinese authorities on silicon imports, which could increase the costs of polysilicon and hence our cost of production. In 2012, some solar power products producers in China filed anti-dumping and countervailing actions with the PRC Ministry of Commerce. In July and November 2012, the PRC Ministry of Commerce initiated an investigation on the import of polycrystalline silicon from the United States, the European Union and South Korea. On July 18, 2013, the PRC Ministry of Commerce announced that it would impose temporary security deposits on imports of solar-grade polysilicon at rates as high as 57% for U.S. suppliers and 48.7% for South Korean suppliers. On January 20, 2014, the PRC Ministry of Commerce announced the final action that it would impose countervailing duty at the rate of 2.1% and anti-dumping duty at rates ranging from 53.3% to 57% on imports of solar-grade polysilicon from U.S. suppliers and anti-dumping duty at rates ranging from 2.4% to 48.7% on imports from South Korean suppliers in the next five years. On April 30, 2014, the PRC Ministry of Commerce announced the final action that it would impose countervailing duty at the rate of 1.2% on imports of solar-grade polysilicon and anti-dumping duty at rates ranging from 14.3% to 42% on imports of solar-grade polysilicon from the European Union suppliers in the next two years. Although we do not import any polysilicon from the United States and only approximately 14.0% of our total polysilicon supply in 2013 was purchased from a South Korean supplier, and which is subject to a 2.4% temporary security deposit imposed by China, we cannot assure you that there we will not be subject to any such deposit requirements in the future.

### **Conversion Calculation Methodology**

For purposes of understanding the above, we measure our solar wafer manufacturing capacity and production output in watts, or W, or MW, representing 1,000,000 W, of power-generating capacity. We believe MW is a more appropriate unit to measure our manufacturing capacity and production output compared to pieces of wafers, as our solar wafers differ in size, thickness, power output and conversion efficiency. We manufacture both monocrystalline and multicrystalline wafers, and solar cells using these two types of wafers have different conversion efficiencies.

For disclosure of operating data as of and after January 1, 2011 and prior to January 1, 2012, we have assumed an average conversion efficiency rate of 18.2% and 16.8% for solar cells using our monocrystalline wafers and multicrystalline wafers, respectively. Based on this conversion efficiency, for wafers produced on or after January 1, 2011 and prior to January 1, 2012, we have assumed that (i) each 125 mm by 125 mm monocrystalline wafer can generate approximately 2.7 W of power, (ii) each 156 mm by 156 mm monocrystalline wafer can generate approximately 4.2 W of power and (iii) each 156 mm by 156 mm multicrystalline wafer can generate approximately 4.1 W of power.

## TABLE OF CONTENTS

For disclosure of operating data as of and after January 1, 2012 and prior to January 1, 2013, we have assumed an average conversion efficiency rate of 18.8% and 17.7% for solar cells using our monocrystalline wafers and multicrystalline wafers, respectively. Based on this conversion efficiency, for wafers produced on or after January 1, 2012 and prior to January 1, 2013, we have assumed that (i) each 125 mm by 125 mm monocrystalline wafer can generate approximately 2.7 W of power, (ii) each 156 mm by 156 mm monocrystalline wafer can generate approximately 4.2 W of power and (iii) each 156 mm by 156 mm multicrystalline wafer can generate approximately 4.2 W of power.

For disclosure of operating data as of and after January 1, 2013, we have assumed an average conversion efficiency rate of 19.0% and 17.8% for solar cells using our monocrystalline wafers and multicrystalline wafers, respectively. Based on this conversion efficiency, for wafers produced on or after January 1, 2013 and prior to January 1, 2014, we have assumed that (i) each 125 mm by 125 mm monocrystalline wafer can generate approximately 2.7 W of power, (ii) each 156 mm by 156 mm monocrystalline wafer can generate approximately 4.2 W of power and (iii) each 156 mm by 156 mm multicrystalline wafer can generate approximately 4.2 W of power.

Assumption of power generation from each wafer may change in the future.

We also measure our ingot manufacturing capacity and production output in MW based on our general yield, in MW, of solar wafers under our current manufacturing process.

**RISK FACTORS**

Please see the factors set forth under the heading “Item 3. Key Information — D. Risk Factors” in our most recently filed annual report on Form 20-F, which is incorporated in this prospectus by reference, as updated by our subsequent filings under the Securities Exchange Act of 1934, as amended, and, if applicable, in any accompanying prospectus supplement before investing in any of the securities that may be offered or sold pursuant to this prospectus.

**USE OF PROCEEDS**

We intend to use the net proceeds from the sale of the securities registered as set forth in the applicable prospectus supplement.

## ENFORCEABILITY OF CIVIL LIABILITIES

We are incorporated in the British Virgin Islands to take advantage of certain benefits associated with being a British Virgin Islands company, such as political and economic stability, an effective judicial system, a favorable tax system, the absence of exchange control or currency restrictions and the availability of professional and support services. However, certain disadvantages accompany incorporation in the British Virgin Islands. These disadvantages include that the British Virgin Islands has a less developed body of securities laws as compared to the United States and provides significantly less protection to investors. In addition, British Virgin Islands companies do not have standing to sue before the federal courts of the United States.

Our organizational documents do not contain provisions requiring that disputes be submitted to arbitration, including those arising under the securities laws of the United States, between us, our officers, directors and shareholders. Substantially all of our current operations are conducted in China, and substantially all of our assets are located in China. Most of our directors and officers are nationals or residents of jurisdictions other than the United States, and some or all of their assets are located outside of the United States. As a result, it may be difficult or impossible for a shareholder to bring an original action against us or such persons in a British Virgin Islands or China court in the event that a shareholder believes that his or her rights have been infringed under the U.S. federal securities laws or otherwise. It may also be difficult for a shareholder to enforce in U.S. courts judgments obtained in U.S. courts based on the civil liability provisions of the U.S. federal securities laws against us and our officers and directors, most of whom are not residents of the United States and the substantial majority of whose assets are located outside of the United States. In addition, there is uncertainty as to whether the courts of the British Virgin Islands or the PRC would recognize or enforce judgments of U.S. courts against us or such persons predicated upon the civil liability provisions of the securities laws of the United States or any state. There is no statutory recognition in the British Virgin Islands of judgments obtained in the United States, although the courts of the British Virgin Islands will generally recognize and enforce a non-penal judgment of a foreign court of competent jurisdiction without retrial on the merits. It is uncertain whether British Virgin Islands or PRC courts would be competent to hear original actions brought in the British Virgin Islands or the PRC against us or such persons predicated upon the securities laws of the United States or any state.

Our corporate affairs are governed by our memorandum and articles of association, or Articles, and by the BVI Business Companies Act, 2004 and common law of the British Virgin Islands. The rights of shareholders to take legal action against our directors and us, actions by minority shareholders and the fiduciary responsibilities of our directors to us under British Virgin Islands law are to a large extent governed by the common law of the British Virgin Islands. The common law of the British Virgin Islands is derived in part from comparatively limited judicial precedent in the British Virgin Islands as well as from English common law, which has persuasive, but not binding, authority on a court in the British Virgin Islands. The rights of our shareholders and the fiduciary responsibilities of our directors under British Virgin Islands law are not as clearly established as they would be under statutes or judicial precedents in the United States. In particular, the British Virgin Islands has no securities laws as compared to the United States, and provides significantly less protection to investors. In addition, British Virgin Islands companies may not have standing to initiate a shareholder derivative action before the federal courts of the United States.

As a result of all of the above, our public shareholders may have more difficulties in protecting their interests through actions against our management, directors or major shareholders than would shareholders of a corporation incorporated in a jurisdiction in the United States.

We have appointed CT Corporation System as our agent to receive service of process with respect to any action brought against us in the United States District Court for the Southern District of New York under the federal securities laws of the United States or of any state in the United States or any action brought against us in the Supreme Court of the State of New York in the County of New York under the securities laws of the State of New York.

## TABLE OF CONTENTS

Harney Westwood & Riegels LLP, our counsel as to British Virgin Islands law, and Haiwen & Partners, our counsel as to PRC law, have advised us that there is uncertainty as to whether the courts of the British Virgin Islands and PRC, respectively, would:

- recognize or enforce judgments of United States courts obtained against us or our directors or officers predicated upon the civil liability provisions of the securities laws of the United States or any state in the United States; or
- entertain original actions brought in each respective jurisdiction against us or our directors or officers predicated upon the securities laws of the United States or any state in the United States.

Harney Westwood & Riegels LLP has further advised us that the United States and the British Virgin Islands do not have a treaty providing for reciprocal recognition and enforcement of judgments of U.S. courts in civil and commercial matters and that a final judgment for the payment of money rendered by any federal or state court in the United States based on civil liability, whether or not predicated solely upon the U.S. federal securities laws, would not be automatically enforceable in the British Virgin Islands. We have also been advised that any final and conclusive monetary judgment for a definite sum obtained against the company in U.S. federal or state courts would be treated by the courts of the British Virgin Islands as a cause of action in itself and sued upon as a debt at common law so that no retrial of the issues would be necessary provided that:

- (i) the U.S. federal or state court had jurisdiction in the matter and the company either submitted to such jurisdiction or was resident or carrying on business within such jurisdiction and was duly served with process;
- (ii) the judgment given by the U.S. federal or state court was not in respect of penalties, taxes, fines or similar fiscal or revenue obligations;
- (iii) the judgment was not procured by fraud;
- (iv) recognition or enforcement of the judgment in the British Virgin Islands would not be contrary to public policy; and
- (v) the proceedings pursuant to which judgment was obtained were not contrary to natural justice.

A British Virgin Islands court may impose civil liability on us or our directors or officers in a suit brought in the courts of the British Virgin Islands against us or these persons with respect to a violation of U.S. federal securities laws, provided that the facts surrounding any violation constitute or give rise to a cause of action under British Virgin Islands law.

Haiwen & Partners has advised us further that the recognition and enforcement of foreign judgments are provided for under the PRC Civil Procedures Law. Courts in the PRC may recognize and enforce foreign judgments in accordance with the requirements of the PRC Civil Procedures Law based on treaties between PRC and the country where the judgment is made or on reciprocity between jurisdictions. As there is currently no treaty of reciprocity between PRC and the United States governing the recognition of a judgment, there is uncertainty as to whether a PRC court would enforce a judgment rendered by a court in the United States.

## DESCRIPTION OF SHARE CAPITAL

We are a British Virgin Islands company and our affairs are governed by our memorandum and articles of association, or Articles, and the British Virgin Islands Business Companies Act of 2004 (as amended), which is referred to as the Companies Law below.

As of July 10, 2014, we are authorized to issue a maximum of 600,000,000 no par value shares of a single class, and the number of shares issued and outstanding is 204,346,064 among which 693,968 shares represented by 346,984 ADSs were held by The Bank of New York Mellon, our depository for the ADSs, for future exercise or vest of awards under our share incentive plan.

The following are summaries of material provisions of our Articles and the Companies Law insofar as they relate to the material terms of our shares.

### Shares

*General.* All of our outstanding shares are fully paid and non-assessable. Certificates representing the shares are issued in registered form. Our shareholders who are non-residents of the British Virgin Islands may freely hold and vote their shares.

*Dividends.* By a resolution of directors, we may declare and pay dividends in money, shares, or other property. Our directors may from time to time pay to the shareholders such interim dividends as appear to the directors to be justified by the profits of our company. No dividends shall be declared and paid unless the directors determine that immediately after the payment of the dividend the value of our assets will exceed our liabilities and we will be able to satisfy our liabilities as they fall due. The holders of our shares are entitled to such dividends as may be declared by our board of directors subject to the Companies Law.

*Unissued Shares.* Our unissued shares shall be at the disposal of the directors who may without prejudice to any rights previously conferred on the holders of any existing shares or class or series of shares offer, allot, grant options over or otherwise dispose of shares or other securities to such persons, at such times and upon such terms and conditions as we may by resolution of the directors determine. Before issuing shares for a consideration other than money, the directors shall pass a resolution stating the amount to be credited for the issue of the shares, their determination of the reasonable present cash value of the non-money consideration for the issue, and that, in their opinion, the present cash value of the non-money consideration for the issue is not less than the amount to be credited for the issue of the shares.

*Voting Rights.* Each share is entitled to one vote on all matters upon which the shares are entitled to vote. We are required by our Articles to hold an annual general meeting each year. Additionally our directors may convene meetings of our shareholders at such times and in such manner and places within or outside the British Virgin Islands as the directors consider necessary or desirable. Upon the written request of shareholders holding 10% or more of the outstanding voting rights attaching to our shares the directors shall convene a meeting of shareholders. The director shall give not less than 14 days' notice of a meeting of shareholders to those persons whose names at the close of business on a day to be determined by the directors appear as shareholders in our share register and are entitled to vote at the meeting.

A meeting of shareholders is duly constituted if, at the commencement of the meeting, there are present in person or by proxy not less than 50% of the votes of the shares entitled to vote on shareholder resolutions to be considered at the meeting. If a quorum is present, notwithstanding the fact that such quorum may be represented by only one person, then such person or persons may resolve any matter and a certificate signed by such person and accompanied, where such person be a proxy, by a copy of the proxy form shall constitute a valid resolution of shareholders.

If within two hours from the time appointed for the meeting a quorum is not present, the meeting, if convened upon the requisition of shareholders, shall be dissolved; in any other case it shall stand adjourned to the next business day at the same time and place or to such other time and place as the directors may determine, and if at the adjourned meeting there are present within one hour from the time appointed for the meeting in person or by proxy not less than one third of the votes of the shares of each class or series of shares entitled to vote on the resolutions to be considered by the meeting, those present shall constitute a quorum but otherwise the meeting shall be dissolved. The chairman, may, with the consent of the meeting,

## TABLE OF CONTENTS

adjourn any meeting from time to time, and from place to place, but no business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

An action that may be taken by the shareholders at a meeting may also be taken by a resolution of shareholders consented to in writing without the need for any notice, but if any resolution of shareholders is adopted otherwise than by the unanimous written consent of all shareholders, a copy of such resolution shall forthwith be sent to all shareholders not consenting to such resolution.

*Mandatory Tender Offer.* Except with the consent of our board of directors, when (a) any person acquires, whether or not by a series of transactions over a period of time, our shares which (taken together with shares held or acquired by persons acting in concert with that person) carry 30% or more of the voting rights of our company,; or (b) any person who together with persons acting in concert with him, holds not less than 30% but not more than 50% of our voting rights and acquires additional shares resulting in an increase in the percentage of the voting rights held by that person or any person acting in concert with him, such person is required to extend an offer to holders of all the issued shares in our company pursuant to our Articles.

*Transfer of Shares.* Certificated shares in our company may be transferred by a written instrument of transfer signed by the transferor and containing the name and address of the transferee, but in the absence of such written evidence of transfer the directors may accept such evidence of a transfer of shares as they consider appropriate. We may also issue shares in uncertificated form. We shall not be required to treat a transferee of a registered share in our Company as a member until the transferee's name has been entered in the share register.

The register of members may be closed at such times and for such periods as the board of directors may from time to time determine, not exceeding in whole thirty days in each year, upon notice being given by advertisement in a leading daily newspaper and in such other newspaper (if any) as may be required by the law of British Virgin Islands and the practice of the New York Stock Exchange.

The board of directors may decline to register a transfer of any share to a person known to be a minor, bankrupt or person who is mentally disordered or a patient for the purpose of any statute relating to mental health. The board of directors may also decline to register any transfer unless:

- (a) any written instrument of transfer, duly stamped (if so required), is lodged with us at the registered office or such other place as the board of directors may appoint accompanied by the certificate for the shares to which it relates (except in the case of a transfer by a recognized person or a holder of such shares in respect of whom we are not required by law to deliver a certificate and to whom a certificate has not been issued in respect of such shares);
- (b) there is provided such evidence as the board of directors may reasonably require to show the right of the transferor to make the transfer and, if the instrument of transfer is executed by some other person on his behalf, the authority of that person to do so;
- (c) any instrument of transfer is in respect of only one class or series of share; and
- (d) in the case of a transfer to joint holders, the number of joint holders to whom the share is to be transferred does not exceed four.

*Liquidation.* In the case of the distribution of assets by a voluntary liquidator on a winding-up of our company, subject to payment of, or to discharge of, all claims, debts, liabilities and obligations of our company any surplus assets shall then be distributed amongst the shareholders according to their rights and interests in our company according to our Articles. If the assets available for distribution to members shall be insufficient to pay the whole of the paid up capital, such assets shall be shared on a pro rata basis amongst members entitled to them by reference to the number of fully paid up shares held by such members respectively at the commencement of the winding up.

## TABLE OF CONTENTS

*Calls on Shares and Forfeiture of Shares.* Our board of directors may from time to time make calls upon shareholders for any amounts unpaid on their shares in a notice served to such shareholders at least 14 days prior to the specified time and place of payment. The shares that have been called upon and remain unpaid at the specified time are subject to forfeiture.

*Redemption of Shares.* The Companies Law provides that subject to the memorandum and articles of association of a company, shareholders holding 90% or more of all the voting shares in a company, may instruct the directors to redeem the shares of the remaining shareholders. The directors shall be required to redeem the shares of the minority shareholders, whether or not the shares are by their terms redeemable. The directors must notify the minority shareholders in writing of the redemption price to be paid for the shares and the manner in which the redemption is to be effected. In the event that a minority shareholder objects to the redemption price to be paid and the parties are unable to agree to the redemption amount payable, the Companies Law sets out a mechanism whereby the shareholder and the company may each appoint an appraiser, who will together appoint a third appraiser and all three appraisers will have the power to determine the fair value of the shares to be compulsorily redeemed. Pursuant to the Companies Law, the determination of the three appraisers shall be binding on the company and the minority shareholder for all purposes.

*Variations of Rights of Shares.* If at any time the issued or unissued shares are divided into different classes of shares, the rights attached to any class may only be varied, whether or not we are in liquidation, with the consent in writing or by resolution passed at a meeting by the holders of not less than 50% of the issued shares of that class.

*Inspection of Books and Records.* Holders of our shares have a general right under British Virgin Islands law to inspect our books and records on giving written notice to our company. However, the directors have power to refuse the request on the grounds that the inspection would be contrary to our interests. However, we will provide our shareholders with annual audited financial statements.

### **Preferred Shares**

Our company may from time to time amend and restate our Articles to create one or more classes or series of preferred shares. Pursuant to paragraph 12 of the Articles, a shareholder resolution or a director resolution is currently required to amend the Articles, which shall take effect upon the registration of the amended and restated Articles by the Registrar of Corporate Affairs in the British Virgin Islands. Prior to any issuance of preferred shares, our board of directors may, acting by resolutions of directors, amend the Articles to create one or more classes of preferred shares and authorize the registration of the amended and restated Articles by the Registrar of Corporate Affairs in the British Virgin Islands. Our board of directors may, by resolutions of directors, determine the rights, privileges, restrictions and conditions attached to the preferred shares, including the designations, powers, preferences and relative, participating, optional and other rights, if any, and the qualifications, limitations and restrictions thereof, if any, including, without limitation, the number of shares constituting each such class or series, dividend rights, conversion rights, redemption privileges, voting powers, full or limited or no voting powers, and liquidation preferences, of each series that we may sell under this prospectus and applicable prospectus supplements and to increase or decrease the size of any such class or series of preferred shares, but not below the number of any class or series of preferred shares then issued and outstanding plus the number of shares of such class reserved for issuance upon the exercise of outstanding options, rights or warrants or upon the conversion of any outstanding securities issued by our company convertible into such class of shares. The rights conferred upon the holders of the shares of any class shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking *pari passu* therewith or superior thereto. The amended and restated Articles providing for the establishment of any class or series of preferred shares may, to the extent permitted by law, provide that such class or series shall be superior to, rank equally with, or be junior to the preferred shares of any other class or series.

Once the class of preferred shares has been created, preferred shares may then be issued at such times, to such persons, for such consideration and on such terms as our board of directors may by resolution determine. We will describe the terms of any class or series of preferred shares we offer in the applicable prospectus supplement.

## **Differences in Corporate Law**

The Companies Law differs from laws applicable to United States corporations and their shareholders. Set forth below is a summary of the significant differences between the provisions of the Companies Law applicable to us and the laws applicable to companies incorporated in the United States and their shareholders.

### ***Protection for Minority Shareholders***

Under the laws of most U.S. jurisdictions, majority and controlling shareholders of a company generally have certain “fiduciary” responsibilities to the minority shareholders. Corporate actions taken by majority and controlling shareholders which are unreasonable and materially detrimental to the interest of minority shareholders may be declared null and void. Notwithstanding, the minority shareholders may have less protection for their rights under British Virgin Islands law than they would have under U.S. law.

### ***Powers of Directors***

Unlike with most U.S. jurisdictions, the directors of a British Virgin Islands company, subject in certain cases to court’s approvals but without shareholders’ approval, may implement the sale, transfer, exchange or disposition of any asset, property, part of the business, or securities of the company, if they determine it is in the best interests of the company, its creditors, or its shareholders, with the exception that shareholder approval is required for any sale, transfer, lease exchange or other disposition of more than 50% in value of the assets of the company.

### ***Conflict of Interests***

Similar to the laws of most U.S. jurisdictions, when a director becomes aware of the fact that he has an interest in a transaction which the company is to enter into, he must disclose it to the board. However, with sufficient disclosure of the interest in relation to that transaction, the director who is interested in a transaction entered into or to be entered into by us may (i) vote on a matter relating to the transaction; (ii) attend a meeting of directors at which a matter relating to the transaction arises and be included in the quorum; and (iii) sign a document on behalf of the company, or do any other thing in his capacity as a director, that relates to the transaction.

### ***Written Consent and Cumulative Voting***

Similar to the laws of most U.S. jurisdictions, under the British Virgin Islands law, shareholders are permitted to approve matters by way of written resolution in place of a formal meeting. The British Virgin Islands law does not make a specific reference to cumulative voting, and our current Articles have no provision authorizing cumulative voting.

### ***Independent Directors***

There is no requirement for a majority of the directors of the company to be independent as a matter of British Virgin Islands law.

### ***Investigating Power and Suspension of Shareholder’s Rights***

Regulation 24.3 of our Articles grants us investigating power with respect to the ownership of our shares. This is done by sending a written notice, or the section 793 notice, to any shareholder or other person whom we have reasonable cause to believe has, or had, an “interest” (e.g. owns, controls or has certain rights over shares) in our relevant shares at some time during the three years immediately preceding the date of issue of the section 793 notice. A person who receives a section 793 notice must respond with the required information within 14 days following the date of service of the notice. Default in complying with the notice in relation to any shares, or the default shares, either on the part of the shareholder or on the part of some other interested person, could result in the rights of the shares being suspended if our board of directors has served a disenfranchisement notice on the holder of the default shares.

### ***Redemption***

Our shares are not redeemable at the shareholders’ option. Subject to the Companies Law, we may redeem our shares only with the consent of the shareholders whose shares are to be redeemed, except that the consent from the shareholders is not needed under the circumstances of (i) the compulsory redemption with

## TABLE OF CONTENTS

respect to fractional shares held by our shareholders in the circumstance of share division, and (ii) the compulsory redemption, at the request of the shareholders holding 90% of the votes of the outstanding shares entitled to vote, of the remaining issued shares.

### ***Takeover Provisions***

Our Articles do not alter the general provisions of the Companies Law or any other British Virgin Islands law and therefore measures such as a poison pill would have to be in place before a takeover offer is in contemplation, as, if not, the directors might be seen as exercising their powers for an improper purpose in trying to introduce such a measure.

Furthermore, prior to the issuance of any additional classes of shares there would need to be an amendment to our Articles to create the new class of shares and to set out the rights and obligations attaching to those shares in our Articles. This may be done following a resolution of directors or a resolution of shareholders (as more particularly set out in the section "Preferred Shares" above). If at anytime the shares of our company are divided into different classes, the variation of the rights of any such class (i.e., by the creation and issue of a further class with preferred rights) will require the consent of 50% of the shares in the affected class. Therefore, the introduction of a poison pill mechanism involving the issue of a new class of shares would require an amendment to our Articles which may be done by way of shareholder resolution. or, in the case of the introduction of preferred shares, a resolution of directors.

### ***Shareholder's Access to Corporate Records***

A shareholder is entitled, on giving written notice to the company, to inspect the company's (i) memorandum and articles of association; (ii) register of members; (iii) register of directors; and (iv) minutes of meetings and resolutions of members and of those classes of members of which he is a member.

The directors may, if they are satisfied that it would be contrary to the company's interests to allow a member to inspect any document listed above (or any part thereof), refuse the member to inspect the document or limit the inspection of the document. The board may also authorize a member to review the company's account if requested.

### ***Indemnification***

British Virgin Islands law does not limit the extent to which a company's articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the British Virgin Islands courts to be contrary to public policy, such as to provide indemnification against civil fraud or the consequences of committing a crime.

Under our Articles, we may indemnify our directors or any person who is or was, at the request of the company, serving as a director of, or in any other capacity is or was acting for, another body corporate or a partnership, joint venture, trust or other enterprise against expenses (including legal fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such persons in connection with legal, administrative or investigative proceedings to which they are a party or are threatened to be made a party by reason of their acting as our directors or agents. To be entitled to indemnification, these persons must have acted honestly and in good faith and in the best interest of the company, and they must have had no reasonable cause to believe their conduct was unlawful.

Insofar as indemnification for liabilities arising under the U.S. Securities Act of 1933, as amended, or the Securities Act, may be permitted to directors, officers or persons controlling us under the foregoing provisions, we have been advised that in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

### ***Mergers and Similar Arrangements***

Under the laws of the British Virgin Islands, two or more companies may merge or consolidate in accordance with Section 170 of the Companies Act. A merger means the merging of two or more constituent companies into one of the constituent companies, and a consolidation means the uniting of two or more

## TABLE OF CONTENTS

constituent companies into a new company. In order to merge or consolidate, the directors of each constituent company must approve a written plan of merger or consolidation which must be authorized by a resolution of shareholders.

While a director may vote on the plan even if he has a financial interest in the plan of merger or consolidation, in order for the resolution to be valid, the interest must have been disclosed to the board forthwith upon him becoming aware of such interest. The transaction will not be avoidable if the shareholders approve it.

Shareholders not otherwise entitled to vote on the merger or consolidation may still acquire the right to vote if the plan of merger or consolidation contains any provision which, if proposed as an amendment to the memorandum or articles of association, would entitle them to vote as a class or series on the proposed amendment. In any event, all shareholders must be given a copy of the plan of merger or consolidation irrespective of whether they are entitled to vote at the meeting or consent to the written resolution to approve the plan of merger or consolidation.

The shareholders of the constituent companies are not required to receive shares of the surviving or consolidated company but may receive cash, debt obligations or other securities of the surviving or consolidated company, or other assets, or a combination thereof. Further, some or all of the shares of a class or series may be converted into a kind of asset while the other shares of the same class or series may receive a different kind of asset. As such, not all the shares of a class or series must receive the same kind of consideration.

After the plan of merger or consolidation has been approved by the directors and authorized by a resolution of the shareholders, articles of merger or consolidation are executed by each company and filed with the Registrar of Corporate Affairs in the British Virgin Islands.

A shareholder may dissent from a mandatory redemption of his shares, an arrangement (if permitted by the court), a merger (unless the shareholder was a shareholder of the surviving company prior to the merger and continues to hold the same or similar shares after the merger) and a consolidation. A shareholder properly exercising his dissent rights is entitled to payment of the fair value of their shares.

A shareholder dissenting from a merger or consolidation must object in writing to the merger or consolidation before the vote by the shareholders on the merger or consolidation, unless notice of the meeting was not given to the shareholder. If the merger or consolidation is approved by the shareholders, the company must within 20 days give notice of this fact to each shareholder who gave written objection, and to each shareholder who did not receive notice of the meeting. Such shareholders then have 20 days to give to the company their written election in the form specified by the Companies Law to dissent from the merger or consolidation, provided that in the case of a merger, the 20 days starts when the plan of merger is delivered to the shareholder.

Upon giving notice of his election to dissent, a shareholder ceases to have any rights of a shareholder except the right to be paid the fair value of his shares. As such, the merger or consolidation may proceed in the ordinary course notwithstanding the dissent.

Within seven days of the later of the delivery of the notice of election to dissent and the effective date of the merger or consolidation, the company must make a written offer to each dissenting shareholder to purchase his shares at a specified price that the company determines to be their fair value. The company and the shareholder then have 30 days to agree upon the price. If the company and the shareholder fail to agree on the price within the 30 days, then the company and the shareholder shall each designate an appraiser and these two appraisers shall designate a third appraiser. These three appraisers shall fix the fair value of the shares as of the close of business on the day before the shareholders approved the transaction without taking into account any change in value as a result of the transaction.

***Shareholders' Suits***

Similar to the laws of most U.S. jurisdictions, British Virgin Islands law permits derivative actions against its directors. However, the circumstances under which such actions may be brought, and the procedures and defenses available may result in the rights of shareholders of a British Virgin Islands company being more limited than those of shareholders of a company incorporated and/or existing in the United States.

We are not aware of any reported class action having been brought in a British Virgin Islands court. Reported derivative actions have been brought but unsuccessfully for technical reasons. The court of the British Virgin Islands may, on the application of a shareholder of a company, grant leave to that shareholder to bring proceedings in the name and on behalf of that company, or intervene in proceedings to which the company is a party for the purpose of continuing, defending or discontinuing the proceedings on behalf of the company. In determining whether to grant leave, the High Court of the British Virgin Islands must take into account (i) whether the shareholder is acting in good faith; (ii) whether the derivative action is in the interests of the company taking account of the views of the company's directors on commercial matters; (iii) whether the proceedings are likely to succeed; (iv) the costs of the proceedings in relation to the relief likely to be obtained; and (v) whether an alternative remedy to the derivative claim is available.

Leave to bring or intervene in proceedings may be granted only if the High Court of the British Virgin Islands is satisfied that (i) the company does not intend to bring, diligently continue or defend, or discontinue the proceedings, as the case may be; or (ii) it is in the interests of the company that the conduct of the proceedings should not be left to the directors or to the determination of the shareholders as a whole.

The depositary's corporate trust office at which the ADSs will be administered is located at 101 Barclay Street, New York, New York 10286. The Bank of New York Mellon's principal executive office is located at One Wall Street, New York, New York 10286.

You may hold ADSs either (A) directly (i) by having an American Depositary Receipt, which is a certificate evidencing a specific number of ADSs, registered in your name, or (ii) by holding ADSs in the Direct Registration System, or DRS, or (B) indirectly through your broker or other financial institution. If you hold ADSs directly, you are an ADS holder. This description assumes you hold your ADSs directly. If you hold the ADSs indirectly, you must rely on the procedures of your broker or other financial institution to assert the rights of ADS holders described in this section. You should consult with your broker or financial institution to find out what those procedures are.

DRS, is a system administered by The Depository Trust Company, or DTC, pursuant to which the depositary may register the ownership of uncertificated ADSs, which ownership shall be confirmed by periodic statements sent by the depositary to the ADS holders entitled thereto.

As an ADS holder, we will not treat you as one of our shareholders and you will not have shareholder rights. British Virgin Islands law governs shareholder rights. The depositary will be the holder of the shares underlying your ADSs. As a holder of ADSs, you will have ADS holder rights. A deposit agreement among us, the depositary and you, as an ADS holder, and the beneficial owners of ADSs set out ADS holder rights as well as the rights and obligations of the depositary. New York law governs the deposit agreement and the ADSs.

The following is a summary of the material provisions of the deposit agreement. For more complete information, you should read the entire deposit agreement and the form of American Depositary Receipt. Directions on how to obtain copies of those documents are provided on page [1](#) of this prospectus.

### Dividends and Other Distributions

#### *How will you receive dividends and other distributions on the shares?*

The depositary has agreed to pay to you the cash dividends or other distributions it or the custodian receives on shares or other deposited securities, after deducting its fees and expenses. You will receive these distributions in proportion to the number of shares your ADSs represent.

- **Cash.** The depositary will convert any cash dividend or other cash distribution we pay on the shares into U.S. dollars, if it can do so on a reasonable basis, and can transfer the U.S. dollars to the United States. If that is not possible or if any government approval is needed and cannot be obtained within a reasonable period, the deposit agreement allows the depositary to distribute the foreign currency only to those ADS holders to whom it is possible to do so. It will hold the foreign currency it cannot convert for the account of the ADS holders who have not been paid. It will not invest the foreign currency and it will not be liable for any interest.

Before making a distribution, any withholding taxes or other governmental charges that must be paid will be deducted. See "Payment of Taxes." The depositary will distribute only whole U.S. dollars and cents and will round fractional cents to the nearest whole cent. *If the exchange rates fluctuate during a time when the depositary cannot convert the foreign currency, you may lose some or all of the value of the distribution.*

- **Shares.** The depositary may distribute additional ADSs representing any shares we distribute as a dividend or free distribution. The depositary will only distribute whole ADSs. It will sell shares which would require it to deliver a fractional ADS and distribute the net proceeds in the same way

## TABLE OF CONTENTS

as it does with cash. If the depositary does not distribute additional ADSs, the outstanding ADSs will also represent the new shares. The depositary may sell a portion of the distributed shares sufficient to pay its fees and expenses in connection with that distribution.

- **Rights to purchase additional shares.** If we offer holders of our securities any rights to subscribe for additional shares or any other rights, the depositary may make these rights available to you. If the depositary decides it is not legal and practical to make the rights available but that it is practical to sell the rights, the depositary will use reasonable efforts to sell the rights and distribute the proceeds in the same way as it does with cash. The depositary will allow rights that are not distributed or sold to lapse. *In that case, you will receive no value for them.*

If the depositary makes rights available to you, it will exercise the rights and purchase the shares on your behalf. The depositary will then deposit the shares and deliver ADSs to you. It will only exercise rights if you pay it the exercise price and any other charges the rights require you to pay.

U.S. securities laws may restrict transfers and cancellation of the ADSs represented by shares purchased upon exercise of rights. For example, you may not be able to trade these ADSs freely in the United States. In this case, the depositary may deliver restricted depositary shares that have the same terms as the ADSs described in this section except for changes needed to put the necessary restrictions in place.

- **Other Distributions.** The depositary will send to you anything else we distribute on deposited securities by any means it thinks is legal, fair and practical. If it cannot make the distribution in that way, the depositary has a choice; it may decide to sell what we distributed and distribute the net proceeds, in the same way as it does with cash; or, it may decide to hold what we distributed, in which case ADSs will also represent the newly distributed property. However, the depositary is not required to distribute any securities (other than ADSs) to you unless it receives satisfactory evidence from us that it is legal to make that distribution. The depositary may sell a portion of the distributed securities or property sufficient to pay its fees and expenses in connection with that distribution.

The depositary is not responsible if it decides that it is unlawful or impractical to make a distribution available to any ADS holders. We have no obligation to register ADSs, shares, rights or other securities under the Securities Act. We also have no obligation to take any other action to permit the distribution of ADSs, shares, rights or anything else to ADS holders. *This means that you may not receive the distributions we make on our shares or any value for them if it is illegal or impractical for us to make them available to you.*

## **Deposit, Withdrawal and Cancellation**

### ***How are ADSs issued?***

The depositary will deliver ADSs if you or your broker deposits shares or evidence of rights to receive shares with the custodian. Upon payment of its fees and expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, the depositary will register the appropriate number of ADSs in the names you request and will deliver the ADSs to or upon the order of the person or persons entitled thereto.

### ***How do ADS holders cancel an American Depositary Share?***

You may turn in your ADSs at the depositary's corporate trust office. Upon payment of its fees and expenses and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, the depositary will deliver the shares and any other deposited securities underlying the ADSs to you or a person you designate at the office of the custodian. Or, at your request, risk and expense, the depositary will deliver the deposited securities at its corporate trust office, if feasible.

### ***How do ADS holders interchange between Certificated ADSs and Uncertificated ADSs?***

You may surrender your ADR to the depositary for the purpose of exchanging your ADR for uncertificated ADSs. The depositary will cancel that ADR and will send you a statement confirming that you are the owner of uncertificated ADSs. Alternatively, upon receipt by the depositary of a proper instruction from a holder of uncertificated ADSs requesting the exchange of uncertificated ADSs for certificated ADSs, the depositary will execute and deliver to you an ADR evidencing those ADSs.

**Voting Rights**

***How do you vote?***

You may instruct the depositary how to vote the deposited securities. Otherwise, you will not be able to exercise your right to vote unless you withdraw the shares your ADSs represent. However, you may not know about the meeting enough in advance to withdraw the shares.

If we ask for your instructions, the depositary will notify you of the upcoming vote and arrange to deliver our voting materials to you. The materials will (1) describe the matters to be voted on and (2) explain how you may instruct the depositary to vote the shares or other deposited securities underlying your ADSs as you direct, including an express indication that such instructions may be given or deemed given in accordance with the last sentence of this paragraph if no instruction is received, to the depositary to give a discretionary proxy to a person designated by us. For instructions to be valid, the depositary must receive them on or before the date specified. The depositary will try, as far as practicable, subject to the laws of the British Virgin Islands and the provisions of our Articles, to vote or to have its agents vote the shares or other deposited securities as you instruct. The depositary will only vote or attempt to vote as you instruct. If we timely asked for your instructions but no instructions are received by the depositary from an owner with respect to ADSs of that owner on or before the date established by the depositary for such purpose, the depositary shall deem that owner to have instructed the depositary to give a discretionary proxy to a person designated by us with respect to the amount of deposited securities represented by those ADSs, and the depositary shall give a discretionary proxy to a person designated by us to vote such deposited securities. No such instruction shall be deemed given and no such discretionary proxy shall be given with respect to any matter as to which we inform the depositary (i) we do not wish such proxy given, (ii) any matter as to which substantial opposition exists or (iii) any matter that materially and adversely affects the rights of holders of the shares.

We cannot assure you that you will receive the voting materials in time to ensure that you can instruct the depositary to vote your shares. In addition, the depositary and its agents are not responsible for failing to carry out voting instructions or for the manner of carrying out voting instructions. *This means that you may not be able to exercise your right to vote and there may be nothing you can do if your shares are not voted as you requested.*

In order to give you a reasonable opportunity to instruct the depositary as to the exercise of voting rights relating to deposited securities, if we request the depositary to act, we will give the depositary notice of any such meeting and details concerning the matters to be voted upon at least 45 days in advance of the meeting date.

The depositary collects its fees for issuance and cancellation of ADSs directly from investors depositing shares or surrendering ADSs for the purpose of withdrawal or from intermediaries acting for them. The depositary collects fees for making distributions to investors by deducting those fees from the amounts distributed or by selling a portion of distributable property to pay the fees. The depositary may collect its annual fee for depositary services by deduction from cash distributions, or by directly billing investors, or by charging the book-entry system accounts of participants acting for them. The depositary may generally refuse to provide fee-attracting services until its fees for those services are paid.

From time to time, the depositary may make payments to us to reimburse and/or share revenue from the fees collected from ADS holders, or waive fees and expenses for services provided, generally relating to costs and expenses arising out of establishment and maintenance of the ADS program. In performing its duties under the deposit agreement, the depositary may use brokers, dealers or other service providers that are affiliates of the depositary and that may earn or share fees or commissions.

### **Payment of Taxes**

You will be responsible for any taxes or other governmental charges payable on your ADSs or on the deposited securities represented by any of your ADSs. The depositary may refuse to register any transfer of your ADSs or allow you to withdraw the deposited securities represented by your ADSs until such taxes or other charges are paid. It may apply payments owed to you or sell deposited securities represented by your ADSs to pay any taxes owed and you will remain liable for any deficiency. If the depositary sells deposited securities, it will, if appropriate, reduce the number of ADSs to reflect the sale and pay to you any proceeds, or send to you any property, remaining after it has paid the taxes.

## **Amendment and Termination**

### ***How may the deposit agreement be amended?***

We may agree with the depository to amend the deposit agreement and the ADSs without your consent for any reason. If an amendment adds or increases fees or charges, except for taxes and other governmental charges or expenses of the depository for registration fees, facsimile costs, delivery charges or similar items, or prejudices a substantial right of ADS holders, such amendment will not become effective for outstanding ADSs until 30 days after the depository notifies ADS holders of the amendment. *At the time an amendment becomes effective, you are considered, by continuing to hold your ADS, to agree to the amendment and to be bound by the ADRs and the deposit agreement as amended.*

### ***How may the deposit agreement be terminated?***

The depository will terminate the deposit agreement at our direction by mailing notice of termination to the ADS holders then outstanding at least 30 days prior to the date fixed in such notice for such termination. The depository may also terminate the deposit agreement by mailing notice of termination to us and the ADS holders then outstanding if at any time 60 days shall have expired after the depository shall have delivered to us a written notice of its election to resign and a successor depository shall not have been appointed and accepted its appointment.

After termination, the depository and its agents will do the following under the deposit agreement but nothing else: collect distributions on the deposited securities, sell rights and other property, and deliver shares and other deposited securities upon cancellation of ADSs. Six months after termination, the depository may sell any remaining deposited securities by public or private sale. After that, the depository will hold the money it received on the sale, as well as any other cash it is holding under the deposit agreement for the pro rata benefit of the ADS holders that have not surrendered their ADSs. It will not invest the money and has no liability for interest. The depository's only obligations will be to account for the money and other cash. After termination our only obligations will be to indemnify the depository and to pay fees and expenses of the depository that we agreed to pay.

## **Limitations on Obligations and Liability**

### ***Limits on our Obligations and the Obligations of the Depository; Limits on Liability to Holders of ADSs***

The deposit agreement expressly limits our obligations and the obligations of the depository. It also limits our liability and the liability of the depository. We and the depository:

- are only obligated to take the actions specifically set forth in the deposit agreement without negligence or bad faith;
- are not liable if either of us is prevented or delayed by law or circumstances beyond our control from performing our obligations under the deposit agreement;
- are not liable if either of us exercises discretion permitted under the deposit agreement;
- are not liable for the inability of any ADS holder to benefit from any distribution, offering, right or other benefit which is made available to holders of deposited securities but is not, under the terms of the deposit agreement, made available to ADS holders;
- are not liable for any special, consequential or punitive damages for any breach of the terms of the deposit agreement;
- have no obligation to become involved in a lawsuit or other proceeding related to the ADSs or the deposit agreement on your behalf or on behalf of any other party; and
- may rely upon the advice of, or information from, any person whom we believe in good faith to be competent to give such advice or information.

In the deposit agreement, we and the depository agree to indemnify each other under certain circumstances.

## TABLE OF CONTENTS

### **Requirements for Depositary Actions**

Before the depositary will deliver or register a transfer of an ADS, make a distribution on an ADS, or permit withdrawal of shares, the depositary may require:

- payment of stock transfer or other taxes or other governmental charges and transfer or registration fees charged by third parties for the transfer of any shares or other deposited securities;
- satisfactory proof of the identity and genuineness of any signature or other information it deems necessary; and
- compliance with regulations it may establish, from time to time, consistent with the deposit agreement, including presentation of transfer documents.

The depositary may refuse to deliver ADSs or register transfers of ADSs generally when the transfer books of the depositary or our transfer books are closed or at any time if the depositary or we think it advisable to do so.

### **Your Right to Receive the Shares Underlying Your ADSs**

You have the right to cancel your ADSs and withdraw the underlying shares at any time except:

- When temporary delays arise because: (i) the depositary has closed its transfer books or we have closed our transfer books; (ii) the transfer of shares is blocked to permit voting at a shareholders' meeting; or (iii) we are paying a dividend on our shares.
- When you or other ADS holders seeking to withdraw shares owe money to pay fees, taxes and similar charges.
- When it is necessary to prohibit withdrawals in order to comply with any laws or governmental regulations that apply to ADSs or to the withdrawal of shares or other deposited securities.

This right of withdrawal may not be limited by any other provision of the deposit agreement.

### **Pre-release of ADSs**

The deposit agreement permits the depositary to deliver ADSs before deposit of the underlying shares. This is called a pre-release of the ADSs. The depositary may also deliver shares upon cancellation of pre-released ADSs (even if the ADSs are canceled before the pre-release transaction has been closed out). A pre-release is closed out as soon as the underlying shares are delivered to the depositary. The depositary may receive ADSs instead of shares to close out a pre-release. The depositary may pre-release ADSs only under the following conditions: (1) before or at the time of the pre-release, the person to whom the pre-release is being made represents to the depositary in writing that it or its customer owns the shares or ADSs to be deposited, assigns all beneficial rights, title and interest in such shares or ADSs to the depositary for the benefit of the owners and will not take any action with respect to such shares or ADSs that is inconsistent with the transfer of beneficial ownership; (2) the pre-release is fully collateralized with cash or other collateral that the depositary considers appropriate; and (3) the depositary must be able to close out the pre-release on not more than five business days' notice. In addition, the depositary will limit the number of ADSs that may be outstanding at any time as a result of pre-release, although the depositary may disregard the limit from time to time, if it thinks it is appropriate to do so.

### **Direct Registration System**

In the deposit agreement, all parties to the deposit agreement acknowledge that the DRS and Profile Modification System, or Profile, will apply to uncertificated ADSs upon acceptance thereof to DRS by DTC. DRS is the system administered by DTC pursuant to which the depositary may register the ownership of uncertificated ADSs, which ownership shall be evidenced by periodic statements issued by the depositary to the ADS holders entitled thereto. Profile is a required feature of DRS which allows a DTC participant, claiming to act on behalf of an ADS holder, to direct the depositary to register a transfer of those ADSs to DTC or its nominee and to deliver those ADSs to the DTC account of that DTC participant without receipt by the depositary of prior authorization from the ADS holder to register such transfer.

## TABLE OF CONTENTS

In connection with and in accordance with the arrangements and procedures relating to DRS/Profile, the parties to the deposit agreement understand that the depository will not verify, determine or otherwise ascertain that the DTC participant which is claiming to be acting on behalf of an ADS holder in requesting registration of transfer and delivery described in the paragraph above has the actual authority to act on behalf of the ADS holder (notwithstanding any requirements under the Uniform Commercial Code). In the deposit agreement, the parties agree that the depository's reliance on and compliance with instructions received by the depository through DRS/Profile and in accordance with the deposit agreement, shall not constitute negligence or bad faith on the part of the depository.

### **Shareholder communications; inspection of register of holders of ADSs**

The depository will make available for your inspection at its office all communications that it receives from us as a holder of deposited securities that we make generally available to holders of deposited securities. The depository will send you copies of those communications if we ask it to. You have a right to inspect the register of holders of ADSs, but not for the purpose of contacting those holders about a matter unrelated to our business or the ADSs.

## DESCRIPTION OF WARRANTS

We may issue and offer warrants under the material terms and conditions described in this prospectus and any accompanying prospectus supplement. The accompanying prospectus supplement may add, update or change the terms and conditions of the warrants as described in this prospectus.

We may issue warrants to purchase our shares (including shares represented by ADSs) or preferred shares. Warrants may be issued independently or together with any securities and may be attached to or separate from those securities. The warrants may be issued under warrant or subscription agreements to be entered into between us and a bank or trust company, as warrant agent, all of which will be described in the prospectus supplement relating to the warrants we are offering. The warrant agent will act solely as our agent in connection with the warrants and will not have any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants.

The particular terms of the warrants, the warrant or subscription agreements relating to the warrants and the warrant certificates representing the warrants will be described in the applicable prospectus supplement, including, as applicable:

- the title of the warrants;
- the initial offering price;
- the aggregate amount of warrants and the aggregate amount of equity securities purchasable upon exercise of the warrants;
- the currency or currency units in which the offering price, if any, and the exercise price are payable;
- if applicable, the designation and terms of the equity securities with which the warrants are issued, and the amount of warrants issued with each equity security;
- the date, if any, on and after which the warrants and the related equity security will be separately transferable;
- if applicable, the minimum or maximum amount of the warrants that may be exercised at any one time;
- the date on which the right to exercise the warrants will commence and the date on which the right will expire;
- if applicable, a discussion of United States federal income tax, accounting or other considerations applicable to the warrants;
- anti-dilution provisions of the warrants, if any;
- redemption or call provisions, if any, applicable to the warrants; and
- any additional terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Holders of warrants will not be entitled, solely by virtue of being holders, to vote, to consent, to receive dividends, to receive notice as shareholders with respect to any meeting of shareholders for the election of directors or any other matters, or to exercise any rights whatsoever as a holder of the equity securities purchasable upon exercise of the warrants.

## PLAN OF DISTRIBUTION

We may sell or distribute the securities offered by this prospectus, from time to time, in one or more offerings, as follows:

- through agents;
- to dealers or underwriters for resale;
- directly to purchasers; or
- through a combination of any of these methods of sale.

The prospectus supplement with respect to the securities may state or supplement the terms of the offering of the securities.

In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders. In some cases, we or dealers acting for us or on our behalf may also repurchase securities and reoffer them to the public by one or more of the methods described above. This prospectus may be used in connection with any offering of our securities through any of these methods or other methods described in the applicable prospectus supplement.

Our securities distributed by any of these methods may be sold to the public, in one or more transactions, either:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to prevailing market prices; or
- at negotiated prices.

### **Sale through Underwriters or Dealers**

If underwriters are used in the sale, the underwriters will acquire the securities for their own account, including through underwriting, purchase, security lending or repurchase agreements with us. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions. Underwriters may sell the securities in order to facilitate transactions in any of our other securities (described in this prospectus or otherwise), including other public or private transactions and short sales. Underwriters may offer the securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless otherwise indicated in the applicable prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or reallocated or paid to dealers.

If dealers are used in the sale of securities offered through this prospectus, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. The applicable prospectus supplement will include the names of the dealers and the terms of the transaction.

In compliance with the guidelines of the Financial Industry Regulatory Authority, Inc., or FINRA, the maximum discount or commission to be received by any FINRA member or independent broker-dealer may not exceed 8% of the aggregate amount of the securities offered pursuant to this prospectus and any applicable prospectus supplement.

### **Direct Sales and Sales through Agents**

We may sell the securities offered through this prospectus directly. In this case, no underwriters or agents would be involved. Such securities may also be sold through agents designated from time to time. The applicable prospectus supplement will name any agent involved in the offer or sale of the offered securities and will describe any commissions payable to the agent. Unless otherwise indicated in the applicable

## TABLE OF CONTENTS

prospectus supplement, any agent will agree to use its commonly reasonable efforts to solicit purchases for the period of its appointment. We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those shares. The terms of any such sales will be described in the applicable prospectus supplement.

Offered securities may be sold at a fixed price or prices, which may be changed, or at varying prices determined at the time of sale. Any agent involved in the offer or sale of the offered securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the supplement relating to that offering. Unless otherwise specified in connection with a particular offering of securities, any such agent will be acting on a best efforts basis for the period of its appointment.

As one of the means of direct issuance of offered securities, we may utilize the services of an entity through which it may conduct an electronic “dutch auction” or similar offering of the offered securities among potential purchasers who are eligible to participate in the auction or offering of such offered securities, if so described in the applicable prospectus supplement.

### **Delayed Delivery Contracts**

If the applicable prospectus supplement indicates, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The applicable prospectus supplement will describe the commission payable for solicitation of those contracts.

### **Market Making, Stabilization and Other Transactions**

Unless the applicable prospectus supplement states otherwise, each series of offered securities will be a new issue and will have no established trading market. We may elect to list any series of offered securities on an exchange. Any underwriters that we use in the sale of offered securities may make a market in such securities, but may discontinue such market making at any time without notice. Therefore, we cannot assure you that the securities will have a liquid trading market.

Any underwriter may also engage in stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Rule 104 under the Securities Exchange Act of 1934, as amended, or the Exchange Act. Stabilizing transactions involve bids to purchase the underlying security in the open market for the purpose of pegging, fixing or maintaining the price of the securities. Syndicate covering transactions involve purchases of the securities in the open market after the distribution has been completed in order to cover syndicate short positions.

Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the securities originally sold by the syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the securities to be higher than it would be in the absence of the transactions. The underwriters may, if they commence these transactions, discontinue them at any time.

### **Derivative Transactions and Hedging**

We and the underwriters may engage in derivative transactions involving the securities. These derivatives may consist of short sale transactions and other hedging activities. The underwriters may acquire a long or short position in the securities, hold or resell securities acquired and purchase options or futures on the securities and other derivative instruments with returns linked to or related to changes in the price of the securities. In order to facilitate these derivative transactions, we may enter into security lending or repurchase agreements with the underwriters. The underwriters may effect the derivative transactions through sales of the securities to the public, including short sales, or by lending the securities in order to facilitate short sale transactions by others. The underwriters may also use the securities purchased or borrowed from us or others (or, in the case of derivatives, securities received from us in settlement of those derivatives) to directly or indirectly settle sales of the securities or close out any related open borrowings of the securities.

## TABLE OF CONTENTS

Our agents, underwriters, and dealers, or their affiliates, may be customers of, engage in transactions with or perform services for us or our affiliates, in the ordinary course of business for which they may receive customary compensation.

### **Conflicts of Interest**

Underwriters, dealers and agents may engage in transactions with, or perform services for, us in their ordinary course of business.

Except for securities issued upon a reopening of a previous series, each series of offered securities will be a new issue of securities and will have no established trading market. Any underwriters to whom offered securities are sold for public offering and sale may make a market in such offered securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice. The offered securities may or may not be listed on a securities exchange. No assurance can be given that there will be a market for the offered securities.

### **LEGAL MATTERS**

Except as otherwise set forth in the applicable prospectus supplement, certain legal matters in connection with the securities offered pursuant to this prospectus will be passed upon for us by Kirkland & Ellis International LLP, our special United States counsel, to the extent governed by the laws of the State of New York, and by Harney Westwood & Riegels LLP, our special legal counsel as to the British Virgin Islands law, to the extent governed by the laws of the British Virgin Islands. **PART II**

**INFORMATION NOT REQUIRED IN PROSPECTUS**

**ITEM 8. INDEMNIFICATION OF DIRECTORS AND OFFICERS**

British Virgin Islands law does not limit the extent to which a company's memorandum or articles of association may provide for indemnification of officers and directors, except to the extent any such provision may be held by the British Virgin Islands courts to be contrary to public policy, such as to provide indemnification against civil fraud or the consequences of committing a crime. Our Articles provide for indemnification of any person acting as our director or who is or was, at our request serving as a director of, or in any other capacity is or was acting for another body corporate or a partnership, joint venture, trust or other enterprise for losses, damages, costs and expenses incurred in their capacities as such, but the indemnity only applies if the person acted honestly and in good faith with a view to our best interests and, in the case of criminal proceedings, the person had no reasonable cause to believe their conduct was unlawful.

In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act will be governed by the final adjudication of such issue.

Ladies and Gentlemen:

We have acted as special United States counsel to ReneSola Ltd, a British Virgin Islands company (the "**Company**"), in connection with the filing of the shelf registration statement on Form F-3 on the date hereof (the "**Registration Statement**") by the Company with the Securities and Exchange Commission under the Securities Act of 1933, as amended (the "**Act**"), with respect to the issuance and sale from time to time by the Company, pursuant to Rule 415 of the General Rules and Regulations promulgated under the Act, of (i) shares of the Company, no par value (the "**Shares**"), including Shares represented by American Depositary Shares ("**ADSs**"), (ii) one or more series of preferred shares of the Company (the "**Preferred Shares**"), and (iii) warrants representing the right to receive, upon exercise, Shares, ADSs or Preferred Shares, which may be issued pursuant to one or more warrant or subscription agreements of the Company, proposed to be entered into with one or more warrant agents to be named therein (the "**Warrants**"). Based on the foregoing and subject to the qualifications set forth herein and in the Registration Statement, we are of the opinion as follows:

With respect to the Warrants to be issued in one or more series by the Company, (i) when the specific terms of any such Warrants have been duly established in accordance with applicable law and authorized by all necessary corporate action of the Company (including, without limitation, by the adoption by the board of directors of the Company of resolutions duly authorizing the issuance and delivery of such Warrants and the Securities that such Warrants may be exercisable for), and (ii) when any such Warrants have been duly executed and issued by the Company and such Warrants have been duly delivered by or on behalf of the Company against payment therefor in accordance with the Warrants and/or any warrant or subscription agreement and in the manner contemplated by the Registration Statement and/or the related prospectus and by such corporate action, such Warrants will be the legally valid and binding obligations of the Company, enforceable against the Company in accordance with their terms.

The opinion (an “*enforceability opinion*”) in this letter that any Security is a valid and binding obligation or is enforceable in accordance with its terms is subject to: (i) the effect of bankruptcy, insolvency, fraudulent conveyance and other similar laws and judicially developed doctrines in this area such as substantive consolidation and equitable subordination; (ii) the effect of general principles of equity; and (iii) other commonly recognized statutory and judicial constraints on enforceability including statutes of limitations. In addition, we do not express any opinion as to the enforceability of any rights to contribution or indemnification which may be violative of public policy underlying any law, rule or regulation (including any federal or state securities law, rule or regulation). “General principles of equity” include, but are not limited to: principles limiting the availability of specific performance and injunctive relief; principles which limit the availability of a remedy under certain circumstances where another remedy has been elected; principles requiring reasonableness, good faith and fair dealing in the performance and enforcement of an agreement by the party seeking enforcement; principles which may permit a party to cure a material failure to perform its obligations; and principles affording equitable defenses such as waiver, laches and estoppel.

The manner in which any particular issue would be treated in any actual court case would depend in part on facts and circumstances particular to the case and would also depend on how the court involved chose to exercise the wide discretionary authority generally available to it.
